

## CE / CT Centrifugal Fans

**Compact and powerful fan for your professional environment**

- High-Performance
- Compact design
- Simple installation in any position
- Maintenance-free and reliable

[Find more details in our online catalogue](#)

### High performance

The CE/CT series of **centrifugal fans** are designed for **indoor** use with stable power performance for **extract** or **supply** air.

### Compact design

The CE/CT fan has a **compact form factor** and can be installed in **any required position**. This supports various applications (**commercial, industrial** and **residential**).

## Certifications

Ecodesign (ErP) compliant

## Features

### Construction

CE/CT fan casing made of **galvanised** sheet steel, corrosion **class C3**. Shape of the casing designed to obtain high efficiency.

CE fans are equipped with **terminal box IP44** to simplify wiring process on site. CT fans are equipped with **cable** to connect to the external terminal box (separate accessory).

### Impeller

Single inlet **radial** impellers with **forward curved** blades. Made of **lightweight PP** for sizes 125/160 and **galvanised sheet steel** for bigger sizes. All impellers **dynamically balanced** and paired with corresponding external rotor motors.

### Motor

CE/CT fans are equipped with **AC external rotor motor**, insulation **class B**. All motors are supported by **long-life** ball bearings.

### Motor protection

CE Fans have **integrated thermal protection** with **manual (electrical) reset**.

CT Fans have **integrated thermal contact** with **external leads** for connection to a **motor protection** device (separate accessory).

### Control

All fans are controlled by **5-step** or **stepless** speed regulator provided as accessory. Speed regulation can be combined with timer, thermostat, hygrostat, etc. by using wide range of electrical accessories.

### Installation

Mounting of the CE/CT fans possible **indoor** in **any mounting position**.

CE models used standard inlet and outlet flanges to maximise adaptability with corresponding **FK** fast clamps.
